EVERY CITIZEN OF MACLEOD & DISTRICT

is interested in the

GROWTH AND DEVELOPMENT OF THIS COMMUNITY

Remember Then That:

The business of a town is its very life-blood.
The stores and business houses are not alone for the merchants.
Prosperous merchants will make the community prosper.
The more buyers there are in a town, the greater "turn over" the merchants will have, and thus the more they will be able to reduce prices and increase the quality of the goods they sell.

Thus By Trading at Home

with the home town merchants the people of Macleod become the builders of their own community.

No True Citizen

will stunt the natural growth and expansion of his home town by fostering the mail order business of far away communities.

Buy At Home

not to help the merchants, but to help the home community and yourself.

POLAND TO TEST NATIONS LEAGUE ON A PROPOSAL TO OUTLAW WAR
Geneva, Sept. 6.—The League of Nations assembly which opened its

eight annual meeting yesterday, is determined before its adjournment to find out what can be accomplished toward a general reduction of armaments. That is the clean-cut impression gleaned from the talk in the lobby

and on the assembly floor. The failure of the tripartite naval conference, in which the United States was represented a month ago and the previous submarine conference by the league's own preparatory disarmament commission have made the armament question a vital topic of discussion.

REACH & COMPANY, Ltd.

GENERAL MERCHANTS—DRY GOODS, LADIES' AND MEN'S UNDERWEAR, BOOTS AND SHOES, GROCERIES, VEGETABLES AND FRUITS.

Everyone seems happy and contented. They think the long delayed ship has come home at last. The farmers down east have a name, whether deserved or not, of being universal groaners, always ready to borrow trouble, now, in comparing our farmers with our Eastern cousins, the cheerful odds are long in our favor—in fact they are too optimistic. If things go wrong they say "Oh, it might be worse." Look how many shady seasons they have had—and when everything looks rosy they say "We knew it would come our way." You only want patience. This year has been a grand advertisement for us. We can soon sell everything in sight. The merchants are getting ready to put long delayed stock on the shelves.

BOOTS AND SHOES are the most important articles in our store. They have constantly to be overhauled and old sizes put on the bargain counter. New styles have to be added to the stock.

Hosiery has run wild. The varieties of shades and colors are beyond comprehension. Then the dress goods are so jolly. The men follow suit in sporting sweaters, pullovers and cut styles. The men style is jolly. A merchant dare not stock heavily as the changes of styles vary with the changes of the moon. The appearances are that the craze for novelty and excitement is increasing. The extreme is approaching when the sensible women will wear natty overalls or bloomers in the kitchen, especially when working round a fire and the thousand and one things in the house—they are indispensable.
